

# Air scientist's investigation

Our question	<i>How clean is the air where I am?</i>
Our hypothesis	

## Data collection

Air test			
Pollution sources survey			
Pollution sinks survey			
Lichen survey 1. Location :			
Of my quadrat what percentage contained:	any lichen	Polluted air bio-indicator lichen	Clean air bio-indicator lichen
	%	%	%
Lichen survey 2. Location:			
Of my quadrat what percentage contained:	any lichen	Polluted air bio-indicator lichen	Clean air bio-indicator lichen
	%	%	%
Lichen survey 3. Location:			
Of my quadrat what percentage contained:	any lichen	Polluted air bio-indicator lichen	Clean air bio-indicator lichen
	%	%	%

## Our conclusion

Was our hypothesis correct?	Yes	No	In some ways	We can't tell from our data
